

## Pronto™ all-in-one laundry system

### Combination washer & dryer in one machine

#### Innovative time and space-saver ready to install anywhere!

Differentiate yourself from the competition with **Pronto**, Electrolux Professional's unique combination washer and dryer. Your customers will enjoy their laundry experience like never before! You'll earn higher profits and create life-long customers.

#### Features and benefits:

- Unique text messaging functionality (option available at addl. cost)
  - Customers can call store and get a text message instantly telling them how many washer/dryers are available for use - generates loyalty.
  - Text message can alert customer 10 minutes before end of cycle.
  - Machine can send text message to store owner or serviceman for instant action.
  - Machine can send text to store owner when money box is full and more.
- Ultimate convenience
  - Washing and drying is done in one machine in about 70 minutes.
  - Customers appreciate that they can leave the store, run errands, and return when their laundry is done – washed **and** dried!
  - Can use as regular washer, a regular dryer, or as a combo wash & dry system.
- High capacity
  - Washing + drying combined: 60% load (18 and 35 lb. max. capacities)
  - Washing only: full load (30 and 60 lb. capacities)
- Space saving & easy installation
  - Compact all-in-one machine.
  - Uses half the space of a separate washer and dryer.
  - Soft-mount! Easy installation on wood floors, upper floors, & over basements.
- Perfect for wash/dry/fold service and drycleaners
  - It's great for laundry, shirts, and basic wetcleaning.
- Easy operation
  - Large door opening makes loading and unloading easy.
  - Compass Control with easy to read instructions and a large clear display.
- Reliable and proven design
  - High-speed 350G extraction for maximum water removal and fast drying.
  - Super Balance™ provides correct extraction force with minimum vibration.

Pronto allows you to build profitable stores in unconventional locations. For instance, in an urban location over a basement in as little as 1,200 sq. ft.

Available in 18/30 lb. and 35/60 lb. capacities. Load capacities depend on whether being used as washer-&-dryer, washer only, or dryer only.

Compass Control puts you in control of your laundry operations. One knob does it all! Your customers can wash & dry all their laundry with the greatest convenience.

*SMS functionality!*  
A text message can alert the customer 10 minutes before end of cycle!

#### The future of professional laundry is here.

With more than 100 years of experience designing professional laundry equipment, Electrolux is dedicated to providing you with precision-engineered washers, dryers, and flatwork ironers. Products are certified in accordance with ISO 9001 and ISO 14001 standards, guaranteeing Electrolux Professional's long-term commitment to quality and the environment.

Take control of your laundry operations with Electrolux Professional Laundry.

*Refer installation and servicing to qualified, licensed personnel. Always read installation and operating manuals and consult local codes before installation. Protect machines with properly rated, common-trip, circuit breakers ONLY. Warranty void if not properly installed. Solid-mount machines require a concrete foundation, and are not suitable for upper-floor or above-basement installations. Contact Electrolux/Bermil for more information and for availability of machines for electric services not listed. Specifications subject to change without notice. Electrolux/Bermil assumes no responsibility for errors or omissions in this information.*

The Electrolux Professional Laundry all-in-one Wash-&Dry utilizes a natural gas burner for the drying function. Like all dryers, they require a natural gas supply line and adequate fresh air for proper combustion, and require venting exhaust air outside. Consult manual for details.

Call today for information on the full line of Electrolux Professional washers, dryers, ironers, and low-cost financing & leasing.
